44TH ANNUAL CONFERENCE: WORKING TOGETHER, GROWING TOGETHER

**Sponsorship & Exhibition
Prospectus 2023**

WELCOME

The annual ASSCT conference is the flagship event of the Australian Society of Sugar Cane Technologists Ltd, an association of scientists, technologists, growers, millers, managers, institutions and companies concerned with the technical advancement and sustainability of the Australian cane sugar industry.

The Queensland Society of Sugar Cane Technologists was founded in March 1929. When the mills in northern NSW sought closer association with the Queensland Society, a newly constituted organisation was created in 1979 called the Australian Society of Sugar Cane Technologists. It is a great opportunity for the industry technologists and practitioners to meet with equipment manufacturers and suppliers to discuss the latest innovations, products and services available to the industry.

Sponsors and exhibitors also have the opportunity to present a non-peer reviewed extended abstract of a case study/studies showing the benefits of new product(s), service(s) and/or technology, with a 10-minute oral presentation during the conference.

You are encouraged to participate in the 2023 ASSCT conference to be held at the Cairns Convention Centre during the period 18-21 April 2023

INDUSTRY EQUIPMENT EXHIBITION

The 2023 ASSCT Industry Equipment Exhibition will be held from Tuesday 18 April to Friday 21 April 2023, in the Cairns Convention Centre, Cairns City, QLD.

It is proposed that the Exhibition will be set up on Tuesday 18 April and conduct the official opening of the exhibition prior to the start of the Welcome Drinks Function, Tuesday evening. The program will run to Friday including field trips with exhibitors packing up during this time on Friday 21 April 2023.

Morning and afternoon tea and coffee will be provided in the Exhibition area during breaks in Conference sessions. Lunch will be provided to Conference delegates as part of the Registration Fee and will be served in the Industry Equipment Exhibition.

The exhibition application fee includes one full conference registration per booth. Additional booth staff will need to be registered and paid for. It is important that all booth occupiers complete the conference registration process.

Conference delegates represent a broad cross-section of the sugar industry and include factory personnel (managers, engineers and chemists), field personnel (cane inspectors, transport staff and cane growers), research workers and overseas visitors.

It is important that Exhibitors reserve their space with an early application. The IEE is currently limited to 56 booths. While every application is important, preference must be given in order to sponsors, early applications and then late applications.

Two size booths will be available for the 2023 Industry Equipment Exhibition. Cost per 3m x 3m booth will be \$3400 and 3m x 2m booth will be \$3150. Unfortunately, costs have been increased for this conference because of the significantly higher costs being imposed on ASSCT by the Local suppliers.

All costs are GST inclusive. The application Form with Terms and Conditions is attached. The ASSCT Executive discourages any function held away from the Conference Centre during business hours 0800 - 1730.

Note:

The information in this brochure and the Conference information is available on the ASSCT website at <https://www.assct.com.au/conference/industry-equipment-exhibition/applications>
